The p tag defines a paragraph. Browsers automatically add a single blank line before and each p element

---

The br tag inserts a single line break. The  
tag is useful for writing address or poems The  
tag is an empty tag which means that it has no end tag

The block tag specifies a section that is quoted from another source. Browsers usually indent  
blockquote elements

This is preformatted text. It preserves spaces and line breaks.
